Microsoft Certified: Azure Data Fundamentals

Microsoft

Oct 2024

Key Skills : Cloud Data Concepts, Relational & Non-Relational Data on Azure, Modern Data Analytics.

Badan Nasional Sertifikasi Profesi: Assistant Web Developer

BNSP

Sep 2026

Key Skills : Implementing User Interface, Implementing Structured Programming, Using Pre-Existing Libraries or Components, Writing code with Principles According to Guidelines and Best Practices.

EXPERIENCES

PT Kalla Inti Karsa (Kalla Group) - Makassar, Indonesia

Intern Kemnaker Program

Nov 2025 – Jun 2026

Quality Business Improvement Department

- **NIPAH PARK Company Profile:** Built and launched the official NIPAH PARK company profile website using Laravel and Tailwind CSS, making the platform fully responsive and improving user access across mobile, tablet, and desktop devices.
- **VPP Baruga Portal:** Handled the system structure and code implementation for the VPP Baruga Portal, using Docker to secure consistent development environments and speed up the deployment process.
- **System Architecture Design:** Created the User Requirements (UR), flowcharts, and use case diagrams for the BWP System, turning complex business rules into clear technical logic to prevent data dependency errors.
- **Technical Problem Solving:** Debugged application errors and optimized data upload flows, making the platform run faster and providing a smoother user experience.

ORGANIZATIONAL EXPERIENCES

DIAFRAGMA UMI - Makassar, Indonesia

Head of the secretariat and entrepreneurship division

Jul 2023 – Jul 2024

- **Secretariat & Facility Management:** Maintained the organization's headquarters (sekretariat), managing inventory, logistics, and facilities to ensure a safe, organized, and functional environment for daily operations and meetings.
- **Entrepreneurship & Fundraising:** Planned and ran creative fundraising programs for the division, successfully generating extra revenue to support organization events.

Young Member

Jan 2022 – Mar 2023

Chairman of the work meeting and inauguration committee

- **Team Coordination:** Managed tasks and communication across different divisions, keeping the team aligned to execute the event successfully.
- **Problem Handling:** Identified operational risks early and worked with the team to fix technical issues during the planning phase.
- **Time Management:** Controlled project timelines to ensure every agenda item was completed exactly on schedule.

Keluarga Besar Mahasiswa Fakultas Ilmu Komputer (KABAMAFIKOM) - Makassar, Indonesia

Member of Commission B (Oversight) BLM

Apr 2024 – Apr 2025

- **Organizational Oversight:** Monitored and evaluated the work programs of internal student organizations, providing constructive feedback to keep activities aligned with rules and regulations.
- **Budget & Performance Auditing:** Reviewed internal division reports and budgets to ensure transparency and prevent issues in organizational spending.

Young Member

Mar 2023 – Mar 2024

- **Media & Documentation:** Managed media publication and documentation for major campus events like "Kampoeng IT", which helped increase event visibility.
- **Public Relations:** Handled public relations and media streams to drive student engagement and participation during the "Knowing Us" event.
